File No. 145 of 1910

Serial
No.

8 The proposal is to start a milk-cow-rearing establishment. The cost now proposed is Rs 30000 per annum. The whole business has been referred to a Committee.

9 This enterprise is not one which a State ought to undertake. It should be left to private enterprise. It is necessary to give an incentive to private people to improve the breed of milk cows. They may be given a prize or medals in the various cattle shows that are now held all over the province.

10 When the Revenues of the State are hardly able to maintain equilibrium and expenditure on more pressing necessary items have been on this score not allowed, it seems that there is no place for spending money on experiments of a kind which is distinctly rural and perhaps nearer still domestic.

11 For the above reasons, the scheme is open to financial objections of some kind and perhaps the scheme, if sanctioned, will be another Kumbhal Kund farm with no certain income but certain heavy expenditure.

(Secy)

11/11/10

12 The financial aspect of the proposal contained in Military Secy's note of 21.11.10 is not

Serial
No.

clear. Is it proposed to start a new fort department under the military Secretary with an advisory board consisting of the gentlemen named & for the present with a lumpsum grant of Rs 3000 per annum? Or does the proposal consist of sanctioning a grant-in-aid to the Committee, of Rs 2000/- per annum for the purpose stated? In the former case the cattle & all other properties in connection with the business will be fort property; in the latter case the Committee will be the proprietors and the fort grant a contribution to them. As it is not stated that contributions from any other source will be available to the business, it is assumed that the whole thing will be a government concern pure & simple and the proposal practically amounts to ~~reorganizing~~ creating a new fort department.

12 The objections that occur to me to the creation of such a department are:

- (1) The cost though stated to be only Rs 3000/- a year at present will soon be found to be much higher & demands incompatible with the present financial situation will be made.
- (2) The grant, being small compared with the object in view, ^{may} ~~will~~ be mostly frittered away in ^{building} establishment charges, the proportion of money utilized for the actual object in view being small. It is doubtful whether the expedient of locating the first few cows at Kunigal & Palace Kumbhote will remove this objection & how

120

Serial
No.

long such a course will be possible. To be useful
to any appreciable extent the herd must soon exceed
40 and then the charges referred to in this paper will
begin to appear & absorb the bulk of available funds.

(c) I am not aware how far the Govt. can
command expert knowledge & advice necessary for the
success of such an experiment. Management of Govt.
departments by independent Committees do not generally
prove successful.

The object in view is no doubt a very desirable
one and a small State grant for furthering the
object would not be improper. But the proposals made
do not appear to be the most suitable ones for the
purpose and their adoption is likely to lead to
waste of Govt. money.

My dear Sir,

I am directed to return the papers that accompanied your D.O. No. 2018 dated 14th March. Col. Jones' scheme for breeding milch cattle was drawn up after consulting His Highness and His Highness cannot agree with the universal condemnation which it has received. The Scheme itself is a modest one and is not at all likely to land the State in heavy increasing annual expenditure. With ordinary luck the Farm should almost support itself. Anyhow His Highness desires that the scheme should be given a fair trial and he would like it to be sanctioned and started as early as possible.

To the Military Secretary & H H
The Comptroller

The members of the Committee
The Secy Comd in Mysore

G.O. no R. 56 10-6-Apr 10610-2
of 4.4.11

Sanctions the scheme subd by
Lt Col Jones for the improvement of
the breed of milch cattle in the
State & sanctions a sum
of Rs 3000/- for the purpose

On a copy of the above order
as well as the copy to the Comptroller
being sent to Pr II for
communicating the order to the
Comptroller, the following notes
& orders have been recorded
in the notes of file no G. 7 453-10.

Financial Secretary's note.

"The question whether it is
a grant-in-aid to the Committee
pure & simple or whether the
Comptroller is to be authorized to

Serial
No.

exercise any check on the expenditure by demanding accounts, vouchers, &c. should perhaps be discussed. The Secy will please note on this aspect, viz. what instructions are necessary on the above points and how & to whom are they to be issued.

(22) J.S.C. 8.4.11.

There is nothing in the file to show whether the amount is to be treated as a grant-in-aid or State Expre. If the latter, it is requisite that monthly accounts should be rendered and audited by the Comptroller. If the former, there is no necessity for any accounting. The safeguard being that if the venture fails the grant will be resumed.

As the management rests in a Committee it would with greater propriety be considered as a grant-in-aid. Brr T may also be consulted. The head of debit too is not specified.

(22) J.L. 11.4.11.

Notes U.S. Brr T

This implies that the Committee is able to obtain funds from other sources.

Apd File No. 103 of 1960

(12)

Serial
No.

to supplement the grant in order to be able to carry out the experiment. There does not seem to be any warrant for this inference. The Scheme presupposes that it is the duty of Govt to promote improvement of the milking strain of cattle and to see that the experiment is properly carried out and the funds are properly utilized. A Committee has been appointed, the bulk of the members of which are officers of Govt having some connection with cattle. The funds annually provided will be placed at the disposal of the Committee who will account for it regularly and utilize it in the same manner in which funds provided for other schemes of improvement such as experimental cultivation are utilized subject to the same means of check & audit.

(20) P.G.D.'s 15/4/11.

Secy's note

I suppose so but it is better to consult C.I. Jones, before issuing any orders. If approved by the Director

Serial

(22) C803

22.4.11

Drawn orders

It is a case for Govt to order
I am inclined to think that it is
not a grant-in-aid but a scheme
to be worked within the limits of the
Govt Grant which should of course be
duly accounted for. The accounts
will be subject to the Comptroller's audit,
but the President will have (as it is
only reasonable that he should have
in the early stages of such an experi-
ment) wide discretion.

MEMORANDUM.

From

LT.-COL. R. G. JONES, I.A.,
Military Secretary to H. H. the Maharaja of Mysore.

To

THE DEWAN OF MYSORE, BANGALORE.

No. 25.

DATED BANGALORE, 21-11-1910

Subject.

Establishment of a breed of milch cattle in the Mysore--
Province.

His Highness has given a general but not formal approval of the scheme outlined below which I trust you will kindly --- place before him with such alterations as your experience ---- leads you to suggest.

In Mysore we have excellent indigenous breeds of trotting cattle in the Amrut Mahal ^{on} the Palace herds and in certain other well known varieties of the Mysore Breed.

But we have no distinctly milch breed such as the Nellore and Kathiawar breeds. .

Modern science has proved that by selection and care ---- types can be fixed and it is proposed that a committee should be formed with the object of starting a distinct ^{milch} breed in this Province.

The committee to consist of the following gentlemen:-

Mr. Kantaraj Urs,

Mr. Lakshmi Kantaraj Urs

Mr. Nanjundaraj Urs

Col. R. G. Jones

It is proposed that the above committee should be ---- furnished yearly with the sum of Rs. 5000/- for the purpose of purchasing cattle which are good milkers of the local breed

2

That the milkers so purchased be located as regards the first 20 cows at Kunigal Stud Farm

And the next 20 cows at the Palace Kurohote

The cows to be bred from by Bulls selected by the ----- Committee and the male stock to be made available for use at each District Head Quarters free for service.

When the herd gets fairly large the stock will be ---- transferred to the Hunsur Depot for further operations but until about 800 head of cows have been collected no yearly -- sales of the milking stock can be contemplated.

Sd/- R. G. Jones,

Lt. Col.,,

Military Secretary.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
Agriculture, dated 4th April 1911.*

READ—

Memo No. 25, dated the 21st November 1910, from the Military Secretary to His Highness the Maharaja of Mysore, to the Dewan of Mysore, submitting a scheme for the improvement of the breed of milch cattle in the State.

Subject.

Establishment of a breed of milch cattle in the Mysore Province.

His Highness has given a general but not formal approval of the scheme outlined below which, I trust, you will kindly place before him with such alterations as your experience leads you to suggest.

In Mysore we have excellent indigenous breeds of trotting cattle in the Amrut Mahal, in the Palace herds and in certain other well known varieties of the Mysore breed.

But we have no distinctly milch breed such as the Nellore and Kathiawar breeds.

Modern science has proved that by selection and care types can be fixed and it is proposed that a Committee should be framed with the object of starting a distinct milch breed in this Province.

The Committee to consist of the following gentlemen :—

Mr. Kantaraj Urs.
Mr. Lakshmi Kantaraj Urs.
Mr. Nanjundaraj Urs.
Lt.-Col. R. G. Jones.

It is proposed that the above Committee should be furnished yearly with the sum of Rs. 3,000 for the purpose of purchasing cattle which are good milkers of the local breed.

That the milkers so purchased be located as regards the first 20 cows at Kunigal Stud Farm.

And the next 20 cows at the Palace Karohatti.

The cows to be bred from by bulls selected by the Committee and the male stock to be made available for use at each district headquarters free for service.

When the herd gets fairly large the stock will be transferred to the Hunsur Depot for further operations but until about 800 head of cows have been collected no yearly sales of the milking stock can be contemplated.

NO. R. 5610-6—AGRI. 106-10-2, DATED BANGALORE, 4TH APRIL 1911.

ORDER THEREON.—Government are pleased to accord sanction to the scheme as outlined in the memo read above and direct its being brought into operation with effect from the 1st July 1911. Lt.-Col. Jones will be the President of the Committee.

2. The necessary provision of Rs. 3,000 will be made in the budget to meet the expenditure during 1911-12.

3. A report should be submitted to Government at the end of every year on the results achieved.
